

**Salt Lake City Planning - Public Information Sheet
Commercial Office Building – 1105 East 900 South
PLNSUB2017-00068**

Rob White of Sugarhouse Architects is requesting approval from the City for a new commercial/office building to be located at 1105 East 900 South. The proposed building will have 2 levels above grade with a basement below. Anticipated use is for retail/restaurant space on the main level and offices in the basement and upper level. Planned Development approval is required to modify the required front and corner side-yard setbacks. The property is zoned RB – Residential/Business.
